

Utah Native
Plant Society

2013 Student Research Scholarship

Applications due 1 April 2013. Scholarships awarded in May 2013

The Utah Native Plant Society was founded in 1978 for the purpose of encouraging appreciation for the native and rare plants of Utah. One of the Society's goals is to promote research on native plants and habitats in Utah through our annual scholarship program. One to two scholarships in the amount of \$500-1000 will be awarded this year with money from UNPS member donations and proceeds from the UNPS on-line store.

2013 Scholarship Application—Cover page

Name _____

Address _____

School & Department _____

Academic Advisor _____

Project Title _____

Research Goals and Objectives _____
